MEMORANDUM FOR: Director of Central Intelligence

SUBJECT : Status of the Pilot Study on National
Intelligence Support to Field Commanders

1. I have reviewed, and have attached, [redacted] status report to you on the Pilot Study on National Intelligence Support to Field Commanders. After reading the report, I think you will agree that he's made as much progress as we reasonably could have hoped. 25X1

2. You should note two things in particular:

a. The JCS and Services are still reluctant to give you visibility for their intelligence force support assets. This is a potential problem area that we will have to watch closely. ✓

b. The 1 July target date for getting the report to you may slip. I agree with Jack, however, that we shouldn't sacrifice quality for time. ✓

3. It looks to me that, at long last, we are making (same) progress. ✓
